Publish Date: November 17, 2016 Integrated Chinese is an acclaimed Mandarin Chinese language course in its fourth edition. It offers print and digital resources for teaching and learning. This textbook series is leading in the United States. The updated edition features grammar exercises to consolidate the learned language forms; Language Practice across various activities; Get Real with Chinese situates language learning in a real-life context; and more. This new edition also includes Characterize It! activities, which encourage students to analyze character learning. There are visual cues for vocabulary expansion and retention. Compare & Contrast activities enhance cultural literacy resources. Lesson Wrap-Up includes context-based tasks to help assimilate and produce language. The Integrated Chinese 4th Edition is available as a fully integrated online digital product on the ChengTsui Web App, which can be purchased at cheng-tsui.com. Critique: Integrated Chinese: 4th Edition is an excellent resource for refining one's command of Mandarin Chinese. It teaches simplified and traditional versions of Chinese characters with a textbook, workbook, character workbook, and teacher's resources. It's ideal for college students and recommended for Chinese Language instructional curriculums. All download options have the same file, but always be cautious when downloading files from the internet. A "file MD5" is a hash computed from a file's contents, providing a unique identifier based on that content. Most shadow libraries use MD5s to identify files, which can lead to multiple instances of the same file appearing across different indices. For more information on indexed datasets, refer to the Datasets page. To learn about this specific file, check out its corresponding JSON file.
